

DS

DANISH SHARMA

(FRONTEND DEVELOPER)

PROFILE

I'm an experienced Web Developer with great designing skills. I have some exceptionally good quality of projects in the fields of Artificial Intelligence, Web Development, Machine Learning. I am a cricketer and love to listen to music while coding!

SKILLS

I'm proficient at HTML, CSS, C, Python, Selenium and CNN development.

EDUCATION

SCHOOL

K.C International School, Paloura, Jammu and Kashmir - 2020

DEGREE

Jaypee University of Information Technology; Shimla, Himachal Pradesh - B. Tech, 2024

EXPERIENCE

I have worked on an AI model to predict heart diseases in a person. My best project till now remains a model to lookout for signs of ageing in a person's face. The model is able to show wrinkles, dark circles and many other details on the face in real-time. I worked on the code and the basic designing of the project.
